

## Key Stage 1: Geography

### Lesson Plan 1: In My Garden

Your garden may be visited by thousands of different animals every year!  
Spend one hour in your garden, watching who visits. Write down every animal, insect or bird you see.

Fill out the chart below for each animal, bird or insect you see.

Animal:

Describe the animal:

Do they live here or were they visiting?

For how long did they stay?

What he or she does while in the garden:

How I feel about the animal:

Why do you think the animal came to your garden?

Now draw a sketch of the animal as best you can:
