

PETA *Presents*

Happy Mother's Day to the *Purrfect* Mum!

Someone thinks you're the *cat's pyjamas*! This PETA Present in your honour helps protect animals from cruelty in laboratories, factory farms, the skins trade, the entertainment industry, and beyond.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
