

PETA *Presents*

Happy Howl-idays!

You've received a PETA Present! This gift in your honour supports our work to protect dogs exploited in cruel spectacles like the Iditarod and helps ensure all animals are treated with respect and consideration.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
