

PETA Presents

Have a **Baa-ril**liant Christmas!

You've received a PETA Present. This gift in your honour strengthens our campaigns that expose the suffering inherent in wool production and promotes kinder choices for all beings.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
