

PETA *Presents*

Santa Paws Is Coming to Town!

You've received a PETA Present! This gift in your honour supports our work to end the fur trade and all cruelty in the name of clothing and accessories and helps create a kinder world for all animals.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
