Have a **Purrfect Birthday!**

Happy birthday, you *pawty* animal! This *catastic* gift in your honour powers victories for living, feeling beings around the world, making it a kinder place for all animals.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
