

PETA *Presents*

Have a **Quacktastic Birthday!**

Here's something to *quack* about! This gift in your honour helps create a kinder world for ducks, geese, and all animals to waddle in – because we all deserve a happy *bird*day!

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
