

PETA *Presents*

Have a *Hoppy* Birthday!

Happy birthday! Your PETA Present helps keep fur where it belongs – on animals – and brings kindness to all living, feeling beings!

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
